2014 Parallella University Program Agreement

The Parallella University Program (the “Program”) is designed exclusively for the purpose of academic research and/or instruction at academic institutions and participation therein is subject to the following terms and conditions:

- 1.) Adapteva, Inc. (“Adapteva”) agrees to donate one (1) board to Participating Institutions (as hereinafter defined) for every one hundred (100) Parallella board prototypes (each, a “Board”) sold. Board distribution will occur on a quarterly basis based on the sales of Boards in the previous quarter. For example; if Adapteva sells ten thousand (10,000) Boards in Q3 of 2014, Adapteva will be obliged to donate a total of one hundred (100) boards to the Program. Boards will be distributed evenly to Participating institutions. In the given example, if there are 10 Participating institutions, each one will receive 10 boards. Board donations will not be made to, and requests will not be considered from, (i) professors, instructors, or staff members acting in their personal capacities or (ii) students of the academic institution. During the course of the Program, more Boards may be donated to a Participating Institution if mutually agreed upon between Adapteva and a Participating Institution.
- 2.) Requests to participate in the Program must be submitted by a professor, instructor, or school staff member (each, a “School Representative”). The academic affiliation of each School Representative (each such affiliated academic institution, a “Participating Institution”) will be verified in connection with all participation requests; only requests with a valid academic email address, e.g., “.edu,” will be considered.
- 3.) Participating Institutions shall be solely responsible for, and shall pay any and all costs incurred for, any sales taxes, use taxes, value added taxes, excise taxes, tariffs, duties, or withholding taxes due on connection with the donation of Boards by Adapteva in connection with the Program. If shipment of donated Boards is refused and/or returned, no further shipments will be sent to the Participating Institution.
- 4.) If requested, the School Representative will ensure that the “Donation Acknowledgment” letter confirming receipt of the donated Boards is completed and returned to Adapteva.
- 5.) All donated Boards are to be used and incorporated into the academic research, course(s), and/or lab(s) of School Representative for which they are donated. Board donations are not to be used for commercial activities and are not for re-sale.
- 6.) Export Compliance: Recipients and users of the donated Boards shall adhere to all applicable export laws and regulations, including those administered by the US Department of Commerce (U.S. Administration Regulations 15 CFR 730 et seq.) and shall not export, re-export, resell, transfer, or disclose, directly or indirectly, any technical data or products, or the product of such technical data or products, to any proscribed person, entity, or country, or foreign national thereof, unless properly authorized by the US government.
